MEMORANDUM FOR FIPS Points of Contact
Data Standards Points of Contact
FIPSCAC

From: Harry S. White, Jr. *Harry S. White, Jr.*
Associate Director for Standards Management

Subject: New Improved Services for FIPS Publications

STAT
Spec to ADP Control
Off.
DDIT, DD/P, MS,
SPS
10/28.

The purpose of this memorandum is to inform you of the new improved services that are now available for the FIPS publications. In an effort to centralize the sales support services for FIPS PUBS and to assist Federal agencies, industry and the public in obtaining those publications expeditiously from a single source, NBS has now completed arrangements with the National Technical Information Service (NTIS) for the sales support service of all publications in the FIPS series.

Prepublication announcements for all new and revised FIPS publications will continue to be issued by NBS to enable Federal agencies to take advantage of the "rider requisition" provisions and receive copies of the FIPS PUBS as soon as they are printed by the Government Printing Office. This practice will not be changed. When a FIPS adopts an industry standards document by reference, NBS will issue a prepublication announcement. Based upon agency responses, NTIS will take action to acquire and make initial distribution of both the FIPS PUB and the referenced industry standard at a reduced prepublication price.

However, after the initial printing and distribution, NTIS will be the sales agent. The Superintendent of Documents will not stock or sell the FIPS publications.

As indicated on the attached information sheets, NTIS will now offer FIPS publications in several different ways:

1. FIPS PUBS Set (with binders and including industry standards adopted for Federal use)
2. FIPS PUBS Subscription (to receive new and revised FIPS PUBS issued during the year along with any change notices and associated industry standards)
3. FIPS PUBS Set and Subscription for one year (subscription renewable on a yearly basis)
4. Quantity orders (at discount prices), and

2

5. Single copy orders.

The FIPS publications are available in either hard copy or microfiche form unless otherwise indicated.

Federal agencies, through initiation of a deposit account with NTIS can make arrangements to have FIPS publications distributed to designated addressees. Arrangements for this type of distribution may be made through Mr. Rodney Forrest of NTIS, telephone 703/557-4726.

Questions relating to ordering single or quantity copies of FIPS PUBS should be referred to the NTIS sales office, 703/557-4650. Requests for subscriptions should be referred to the NTIS subscription office, 703/557-4630.

We are attempting, through this new arrangement with NTIS, to provide a publications sales service that is more responsive to a wide variety of Federal user requirements. However, I urge you to anticipate and be prepared to respond to the prepublication announcements with your agency requirements for FIPS PUBS as these are either being printed or purchased from the voluntary industry standards organizations. As you may well expect, the cost for these publications will be considerably higher after the initial printing and distribution have been made.

*Not available in microfiche.

Requests for single or quantity orders of FIPS PUBS should be sent to:

National Technical Information Service
U.S. Department of Commerce
Springfield, Virginia 22161

Telephone Number - 703/557-4650

Requests for discount prices on quantity orders should also be referred to the above address and telephone number.

Requests for subscriptions to FIPS PUBS should be sent to:

Subscriptions
National Technical Information Service
U.S. Department of Commerce
Springfield, Virginia 22161

Telephone Number - 703/557-4630

- 1/ September 1 - Mexico and Canada should be quoted Domestic prices.
2/ October 1 - Price of microfiche will increase to \$3.00 for Domestic orders and \$4.50 for Foreign orders.
